MINI PUMPS

AIRBOY

172 mm | 115 psi/8 Bar | 62 g | aluminium/plastic

SCLAVERAND
PRESTA

DUNLOP

The original mini-pump from the house of SKS is back with a beautiful design and innovative technology:

- + The unique 2-chamber/2-plunger pumping system provides high pumping efficiency in an extremely compact size.
- + Small enough for a jersey pocket.
- + Soft, ergonomic end-piece allows for comfortable pumping with pressure from the palm of your hand.
- + Incl. water bottle clip.

AIRBOY CO₂

207 mm | 5 Bar * | 140 g | aluminium/plastic

The best of both worlds. The features of the **AIRBOY** mini-pump combines with those of a compact CO₂-cartridge pump:

- + Tyres can be inflated manually or with a CO₂ cartridge.
- + The proven SKS CO₂ technology of pressure control regulator is featured to help user release just the right amount of air.
- + Suitable for all types of valves with a reversible pump head.
- + Compatible with 16g & 24g threaded CO₂ cartridges.
- + Includes a water bottle clip mount system.

SCHRADER

270 mm | 360 psi/25 Bar

SAM (Suspension Air Mechanic) is ready for all tours with its mini pump design:

- + The steel-braided swiveling hose.
- + 2-stage valve connector prevents pressure losses while detaching it from the suspension loading valve.
- + Air release dial allows fine tuning of tire pressure.

AUTO
SCHRADER

195 mm | 290 psi/20 Bar

MSP (Mountain Suspension Pump) is a must in every bike backpack:

- + The flexible steel mesh hose is removable from the pump for compact travel.
- + The valve connection is made with a 2-stage thread connector making it possible to screw on and off without loss of pressure.
- + Pressure reduction dial allows you to reach exactly the desired level.

The 6mm allen wrench can be used as a lever for the combination wrench and box wrench.

TOUR BAG

XL | 115 x 105 x 150 + 40 mm | Volume 1,4 + 0,6 Ltr.

L | 115 x 105 x 150 | volume 1,4 Ltr.

The SKS **TOUR BAG** saddle bags are distinguished by their exceptional design and easy handling:

- + Famous **X-TRA-DRY** quick release fastening allows quick attachment to the seat post.
- + The angle adjustment provides optimal alignment.
- + Compartment for a mini tool inside.
- + Loop for the safety blink, reflective strips for safty and water resistant material.

RACE BAG

M | 110 x 90 x 110 + 40 mm | volume 0,8 + 0,2 Ltr.

S | 110 x 90 x 110 | volume 0,8 Ltr.

XS | 110 x 77 x 86 mm | volume 0,5 Ltr.

The SKS **RACE BAG** can easily be attached to the saddle rails without any tools:

- + Separate compartment inside for a mini tool.
- + Attachment loop for the safety blink, reflective strip for safty.

ENERGY BAG

Our **ENERGY BAG** is the easiest and quickest way to carry your energy bars, money, phone or keys on your bike:

- ✚ The small bag sits within arms reach on the front top tube, secured with Velcro attachments.
- ✚ Thus you can e.g. easily fuel up on energy bars while still riding.
- ✚ The bag lid protects the contents from the elements.
- ✚ Reflective piping guarantee improved visibility in low light conditions.

144 x 53 x 70 mm | volume 0,5 Ltr.

TOOL WRAP

TOOL WRAP, the bicycle bag made of sturdy nylon with straps for frame mounting:

- ✚ The bag features storage compartments e.g. for mini pump, repair kit, tire levers, mini tools, or small change.

270 x 220 mm | 115 g

DIRTBOARDMASTER

MUDGUARDS

SHOCKBLADE

weight 101 g 26" + 27,5" · 112 g 29"

The front mudguard, high-quality 2-compound for mounting on the fork of mountain and trekking bikes:

- + The dirtboard is available in sizes 26"/27.5" and 28" /29".
- + The attachment disappears almost completely within the steering tube.

26" + 27,5"

29"

X-BLADE

weight 228 g 26" + 27,5" · 239 g 29"

The high-quality 2-compound mudguard for the rear wheel of mountain and trekking bikes:

- + Whether you ride 26", 27.5", 28" or 29", we offer right **X-BLADE**.
- + Due to the quick-release mounting, the dirtboard can be fitted to almost any seat post and optimally adjusted to the wheel using the 2-hinge mechanism.

26" + 27,5"

29"

SHOCKBOARD XL

Weight 96 g | 26"-29"

Perfect splash protection with XL format!

The matching front mudguard to the **X-TRA DRY XL** is also available now in a bigger size particularly for 650B and 29" wheels. Its tool-free snap-on and off system makes the attachment and detachment very quick and easy. Suitable for steering tubes from 15 to 35mm diameter. With 96g this exceptional front mudguard is an extreme lightweight:

- + Extremely light and almost unbreakable.
- + Adapter for Cannondale Headshok® and rigid forks available.

X-TRA-DRY XL

Weight 162 g | 26"-29"

The worldwide most famous MTB rear mudguard is now also available in a bigger size particularly for 650B and 29" wheels. Best feature of this extremely lightweight mudguard made from high-performance plastic is the proven and toolfree SKS quick-release powerstrap attachment for the seat post. The angle can be optimally adjusted by one single screw:

- + Length: **560 mm**

SHOCKBOARD

Weight 97 g | 26"

Ultra-light snap-on front mudguard for almost any suspension forks:

- + Extremely light and almost unbreakable.
- + Adapter for Cannondale Headshok® and rigid forks available.
- + Quick-release-adapter.

X-TRA-DRY

Weight 140 g | 26"

The fast seller among quick-release rear mudguard:

- + Shock-resistant high performance plastic.
- + Easy quick-release-fastening by powerstrap fits almost all seat posts.
- + Length: **450 mm**

ROWDY

Weight 205 g | 20"-24"

ROWDY - the first high end mudguard set for kids mountain-bikes:

- + The multi-adjust design allows mounting to almost every frame type including full suspensions.
- + Easy and bombproof fixation, maximum spray protection.
- + Suitable for suspension forks.

S-BLADE

28" | weight 106 g | width 52 mm

Extremely lightweight rear clip-on mudguard made from high-performance plastic in particular for road bikes, cyclocross bikes, gravel bikes etc. Best feature is the proven and toolfree SKS quick-release powerstrap attachment for the seat post. The angle can be optimally adjusted by one single screw.

- + The **S-BLADE** can be fitted with our quick release on virtually any racing bike and the angle setting optimally adjusted.
- + Also suitable for cyclocross.
- + Tool-free mounting within seconds.

S-BOARD

28" | weight 92 g | max. tyre width 38 mm | length fender 390 mm

Smart clip-on front mudguard for road, cyclocross, hybrid, gravel bikes etc. for max. tyre width up to 38 mm:

- + It is the ideal companion to our **S-BLADE** rear mudguard.
- + Its smart, double hinged quick release fitting system also fits aero forks.
- + Paintwork protection film for the frame is included.

FATBOARD SET

Weight: 353 g | length: 480 mm

The ultimate set of mudguards for fat tyre bikes offering all round mud protection:

- + Front is mounted easily under the downtube by high-performance straps.
- + Rear fits to the seat post in seconds with the proven toolfree SKS quick-release powerstrap attachment system.
- + The two-hinge arm in the rear allows perfect adjustability to the geometry of your bike.

SHOCKBOARD VARIO

Weight: 116 g | max. tyre width: 2.5 | length: 545 mm

This innovative mudguard provides optimal protection for tapered AND upside-down suspension forks:

- + Rubber strap fixing at the fork crown.
- + Easy angle adjustment to the bike geometry.
- + Popular **SHOCKBOARD** design.

Angle adjustability

RACEBLADE LONG

28" | max. tyre width: 25 mm | front fender: 525 + 150 mm · rear fender: 805 + 150 mm | 493 g

This ultra long clip-on mudguard set for road bike tyres up to max. 25 mm width protects you, whether you're riding your road bike in a warm summer rain or on solitary winter trips:

- + The end of each mudguard extends to below the hub axles.
- + This length ensures a full coverage, meaning you, and also the cyclist behind you, are spared from splashing.
- + They can be perfectly adapted to the radius of the wheel by adjusting the length of the stays.
- + Once the metal mounting brackets are fitted to the bicycle the mudguards can be clipped on and off in seconds making them ideal in case of need.
- + Brackets attach to brake bolts and skewers.

BLACK

SILVER

RACEBLADE PRO XL SET

28" | tyre width: 25-32 mm | front fender: 565 mm · rear fender: 730 mm | 365 g

The ultimate clip-on mudguard set for road and cyclocross bikes for tyre width 25-32mm:

- + Its smart, double hinged quick release fitting system also fits aero forks and is also compatible with disc brakes.
- + Mudguards can be perfectly adapted to the radius of the wheel by adjusting the length of the stays.
- + Superlight extra long mud flaps give additional spray protection.
- + Paintwork protection film for the frame included.
