CLARKS NEW PRODUCTS CATALOGUE 2013

CONTENTS

- 4 Disc Brakes**
- 7 Brake Pads**
- 8 Levers**
- 9 Floating Rotors**
- 10 Callipers**
- 13 Cable Kits**
- 13 Dispenser Pots**
- 14 Grips**

HYDRAULIC DISC BRAKE SYSTEM-540

HDB-540
CNC Machined Disk Brake Set Front & Rear Disc Brakes 2 x 160mm rotors
All Fixing Bolts INC Liteweight system
weight 837g Available in a range of anodized colours

Available colours:

RED

WHITE

BLACK

GOLD

TECHNICAL SPECIFICATION

Lever Type	Radial style lever
Lever Functionality	Lever reach adjustment via a finger operated adjuster
Caliper Type	2 piston
Fluid Type	DOT 4 Brake fluid
Mounts	International Standard Or post mount
Bracket Bolts	6mm*20mm Allen key bolt as standard
Rotors	160mm, 180mm available
Rotor Bolts	X6
Disc Pads	VX/VRX824C
Colour Options	Red, White, Black, Gold
Hose	PTFE
System Weights	Full system weight Front, Rear, Rotors,Bolts 837g
BS EN Standards	Exceeds Compliance requirements
Features	Liteweight, Powerful brake system

HYDRAULIC DISC BRAKE SYSTEM-600

HDB-600
CNC Machined Disk Brake Set Front & Rear Disc Brakes 2 x 160mm rotors
All Fixing Bolts INC Liteweight system
weight 897g Available in a range of anodized colours

Available colours:

RED

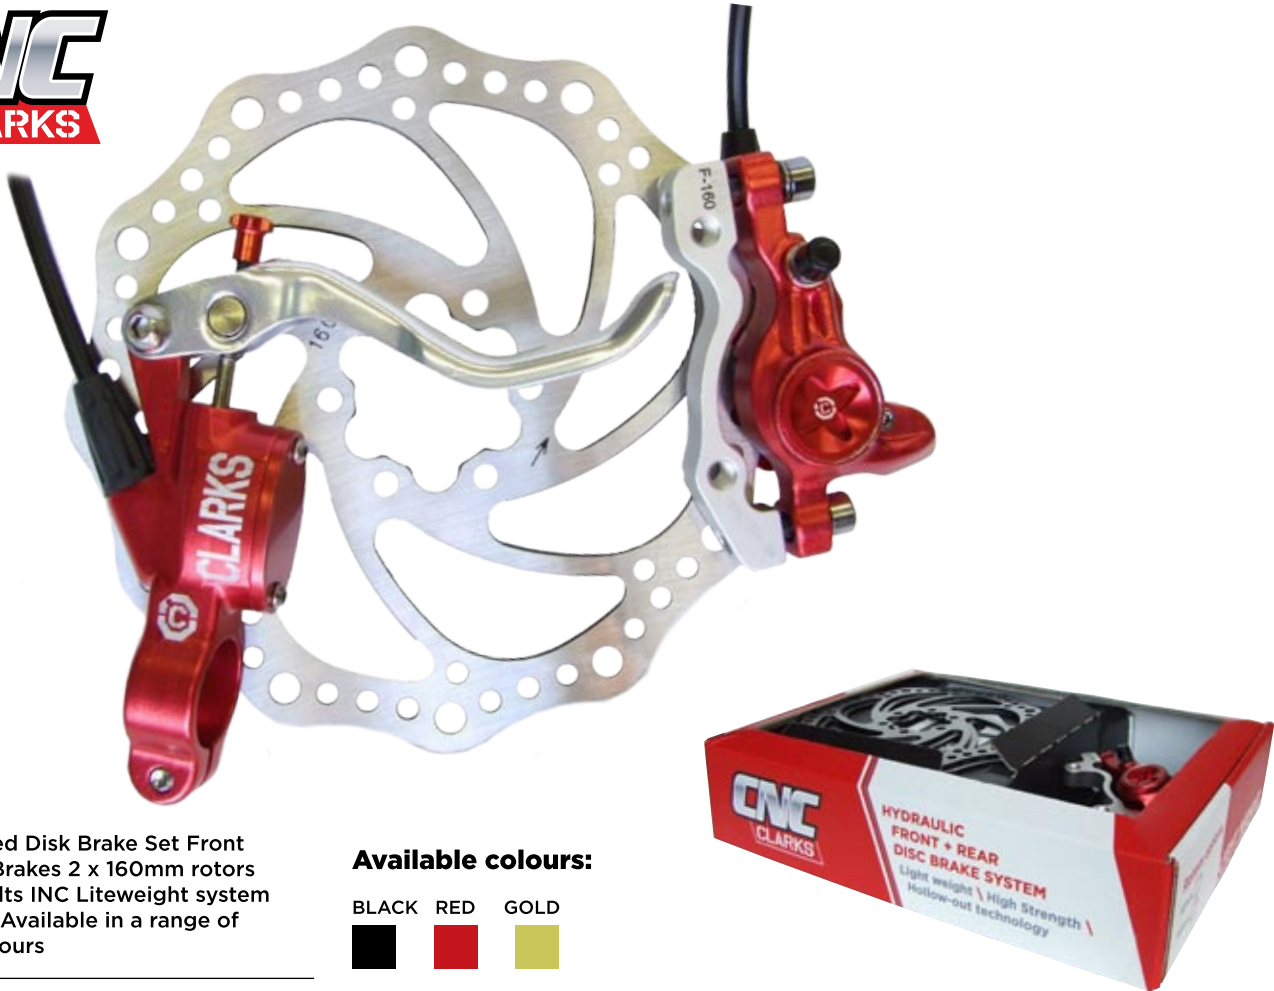

WHITE

GOLD

TECHNICAL SPECIFICATION

Lever Type	Flip-Flop style lever
Lever Functionality	Allen key lever reach adjustment
Caliper Type	2 piston
Fluid Type	DOT 4 Brake fluid
Mounts	International Standard Or post mount
Bracket Bolts	6mm*20mm Allen key bolt as standard
Rotors	160mm, 180mm available
Rotor Bolts	X6
Disc Pads	VX/VRX824C
Colour Options	Red, White, Gold
Hose	PTFE
System Weights	Full system weight Front, Rear, Rotors,Bolts 897g
BS EN Standards	Exceeds Compliance requirements
Features	Liteweight, Powerful brake system

HYDRAULIC DISC BRAKE SYSTEM-790

HDB-790
CNC Machined Disk Brake Set Front & Rear Disc Brakes 2 x 160mm rotors
All Fixing Bolts INC Liteweight system
weight 837g Available in a range of
anodized colours

Available colours:

BLACK

RED

GOLD

TECHNICAL SPECIFICATION

Lever Type	Radial style lever
Lever Functionality	Lever reach adjustment via a finger operated adjuster
Caliper Type	2 piston
Fluid Type	Mineral Oil
Mounts	International Standard Or post mount
Bracket Bolts	6mm*20mm Allen key bolt as standard
Rotors	160mm, 180mm available
Rotor Bolts	X6
Disc Pads	VX824C
Colour Options	Black, Red, Gold
Hose	PTFE
System Weights	375g Front 392g Rear
BS EN Standards	Exceeds Compliance requirements
Features	Liteweight, Powerful brake system

CNC MACHINED BRAKE PADS

CNC-500C Road
CNC Machined Road Brake Shoes compatible with all major
brake pad systems

ALT-01-VCR V Type-Hybrid-MTB
72mm ALT ANTI-LOCK-TECHNOLOGY Pad Inserts Controlled
Braking. Dual density rubber combination offers, anti-lock
braking function, Shorter braking distances, Shimano system
compatible, Better braking power control

ALT-03-VCR V Type-Hybrid-MTB
72mm ALT ANTI-LOCK-TECHNOLOGY Pad Inserts Controlled
Braking. Dual density rubber combination offers, anti-lock
braking function, Shorter braking distances, Shimano system
compatible, Better braking power control

ALT-0-01VC V Type-Hybrid-MTB
72mm ALT ANTI-LOCK-TECHNOLOGY Brake Pad Controlled
Braking. Dual density rubber combination offers, anti-lock
braking function, Shorter braking distances, Shimano system
compatible, Better braking power control

ALT-03VC V Type-Hybrid-MTB
72mm ALT ANTI-LOCK-TECHNOLOGY Brake Pad Controlled
Braking. Dual density rubber combination offers, anti-lock
braking function, Shorter braking distances, Shimano system
compatible, Better braking power control

ALT-02V V Type-Hybrid-MTB
72mm ALT ANTI-LOCK-TECHNOLOGY Brake Pad Controlled
Braking. Dual density rubber combination offers, anti-lock
braking function, Shorter braking distances, Shimano system
compatible, Better braking power control

CNC LEVERS

CNC-60A-02

CNC Machined Brake Levers suitable for use with MTB/Hybrid reach adjustment hollow out technology very lightweight 60g a pair Available in a range of anodized colours

Available colours:

CNC-70A-02

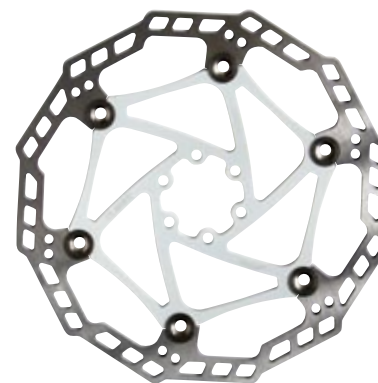

CNC Machined Brake Levers suitable for use with MTB/Hybrid reach adjustment hollow out technology very lightweight 70g a pair Available in a range of anodized colours

Available colours:

FLOATING ROTORS

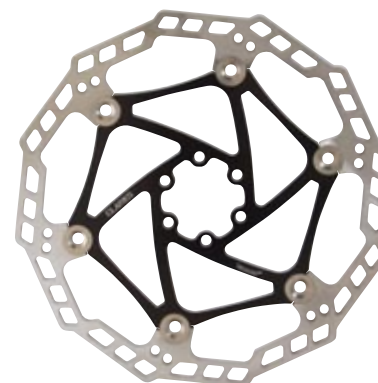

CFR-09FS-160 Liteweight

160mm Clarks Floating rotor full 420 Stainless steel Carrier & Braking Band Available with black or white carrier

Available colours:

WHITE BLACK

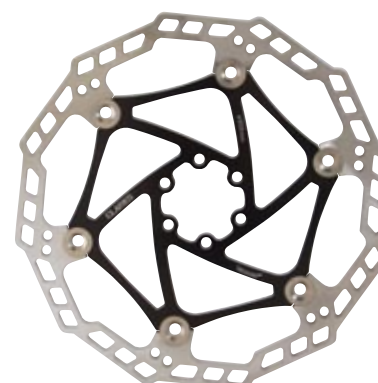

CFR-09FS-180 Liteweight

180mm Clarks Floating rotor full 420 Stainless steel Carrier & Braking Band Available with black or white carrier

Available colours:

WHITE BLACK

CFR-09FS-203 Liteweight

203mm Clarks Floating rotor full 420 Stainless steel Carrier & Braking Band Available with black or white carrier

Available colours:

WHITE BLACK

CNC CALLIPERS

CNC-A-3

CNC Machined Road Callipers Front & Rear set dual pivot design hollow out technology liteweight 320g a set INC brake Pads Available in a range of anodized colours

Available colours:

CNC-76A-01

CNC Machined V-Brake Callipers arm length 106mm Hollow out technology 260g a set all fixing bolts & guide pipes brake pads INC Available in a range of anodized colours

Available colours:

CNC CALLIPERS

CNC-86A-02
CNC Machined V-Brake Callipers arm length 106mm Hollow out technology 260g a set all fixing bolts & guide pipes brake pads INC Available in a range of anodized colours

Available colours:

RED

BLUE

BLACK

GOLD

ZERO-G CABLE KITS

35% LIGHTER

7160 ZERO-G Road Brake Kit
Zero G Brake cable kit alloy housing 2500mm 35% lighter inc Front 1000mm Rear 1700mm Teflon treated wires 4 x 4mm CNC Machined ferrules 1 x O-ring 2 x Wire end covers

Available colours:

RED

WHITE

BLACK

58% LIGHTER

7161 ZERO-G Road Gear Kit
Zero G Gear cable kit alloy housing 2200mm 58% lighter inc Front 2100mm Rear 2100mm Teflon treated wires 8 x 5mm CNC Machined ferrules 1 x O-ring 2 x Wire end covers

Available colours:

RED

WHITE

BLACK

DISPENSER POTS

CP-B-01-DP Dispenser Pots
Brake Ferrule 5mm CNC Machined Clarks Logo Pot of 100 Available in various colours

Available colours:

RED

BLUE

BLACK

GREEN

SILVER

CP-G-01-DP Dispenser Pots
Gear Ferrule 4mm CNC Machined Clarks Logo Pot of 100 Available in various colours

Available colours:

RED

BLUE

BLACK

GREEN

SILVER

GRIPS - MTB & CITY

Available colours:

CLO-208

Lock On Grip 2 locking rings

Available colours:

C-106

Black Rubber D2 grip

CLO-216

Lock On Grip 130mm Length
1 locking ring

GRIPS - CITY & FIXIE (single speed)

C310-PU

City Grips-Ergonomic

PU City Grip leather look white stitching
4.80

Available colours:

Available colours:

CLO-215

Lock On Grip 2 locking rings Bartape
Effect Grip

Available colours:

C310-LEATHER

City Grips-Ergonomic

Leather City Grip Black Stitching
